Comments by Andy Hollier - In line with Jewish parallelism, it seems John in Revelation repeats the events of the 7 year Tribulation time using different symbols and angles of what will happen. The various seals and bowls etc may be speaking of the same time, from a different perspective.

The following chart may help the reader see the sequence of major events.

End Time Prophecy Outline

This is a helpful guide to understanding a basic chronological order of future events. Of course no Theologian or Bible student can be absolutely sure how future events will unfold, as only God knows this. But based on specific Scriptures, statements by Jesus and the New Testament writers, we can develop a reasonable outline.

The following material is a good 'summary' outline of end time events. It is abbreviated and arranged in heading form, to indicate the coming events. The serious Bible student may need to talk with a Pastor or Bible Teacher for further explanation. We recommend reading the leaflet through, then read it again and follow the events by looking up the related Bible verses. It will take time to see the way it all fits together.
